## **Frodo's Nightmares**

SEMINARSKA NALOGA

VISOKOŠOLSKI STROKOVNI ŠTUDIJSKI PROGRAM  
PRVE STOPNJE  
RAČUNALNIŠTVO IN INFORMATIKA

MENTOR: izr. prof. dr. Iztok Lebar Bajec

Ljubljana, januar 2025

## ***Abstract***

Here you can write the abstract of your work. This should give a concise summary of your research, game design, and findings.

# **1 Pregled igre**

## **1.1 Opis sveta**

This section contains the description of the game world.

## **1.2 Pregled**

Here you can describe an overview of the game.

## **1.3 Ozadje**

This is the background of the game. You can insert an image here:

## **1.4 Ključne lokacije**

Describe the key locations within the game world here.

## **1.5 Velikost**

Discuss the size of the game world or levels.

## **1.6 Objekti**

Describe the main objects or elements in the game.

## **2 Igralni pogon**

This section describes the game engine used, its features, and how it supports the gameplay.

### **3 Pogled**

This section describes the perspective or camera view in the game.

## 4 Osebek

Here you describe the protagonist or main character of the game.

## 5 Uporabniški vmesnik

This section describes the user interface of the game, how the user interacts with it, and any menus or controls.

## 6 Gameplay

Here you can describe the gameplay mechanics, objectives, challenges, and how players interact with the game world.

## **7 Zaključki in možne nadgradnje**

Conclude your work here, and suggest possible improvements or upgrades for the game.
